Reach Out! is a program for youth in grades 7-12. Our 5 pillars of programming encourages youth to make informed, positive choices and aims to help them achieve their potential and become the best versions of themselves.

Our staff includes registered teachers, psycho-social support workers, community development specialists and experienced youth facilitators.

HOMework & LIFESKILLS

Homework Club, engages youth where they are. Facilitators and volunteers work closely with youth to develop their literacy, numeracy and study skills.
